Community Pantry

Community Pantry

brgy.ADNU

The brgyADNU aims to provide a centralized and efficient means for residents and local businesses to donate essential goods and funds to those in need within their barangay. Inspired by the movement of community pantries, this platform leverages technology to amplify the spirit of bayanihan and address the pressing needs of communities.

Through strategic partnerships with malls and businesses, the platform facilitates the collection and distribution of donations, ensuring that resources reach those who need them most. This project not only addresses immediate community needs but also fosters long-term sustainability and resilience within barangays.
